With over 35 years of service, BRHPC has expanded its mission to address health and human service needs in the community through innovative approaches that include planning, program development and implementation, evaluation and community capacity building.

We bring together people, organizations and resources to create long-lasting positive change by addressing the barriers to quality health and social services.

I am very thankful for the support and collaboration of our board members, funders, community partners and staff that help us transform our community’s health and we look forward to continuing to serve you and our community.

Mike De Lucca, President & CEO
BRHPC provides voluntary home visitation services programs for over 2,000 at-risk families in Broward County. These programs service mothers and fathers during pregnancy and as they raise young children ages zero to five years. The primary goals are to improve pregnancy and childhood health outcomes, to promote positive parenting practices and to prevent child abuse and neglect through education and support.

**Programs:**

- Healthy Families Broward
- Nurse-Family Partnership
BRHPC ensures that Broward’s most vulnerable populations, including individuals with HIV/AIDS, the uninsured, veterans and those experiencing homelessness, have access to care, housing assistance and referrals for medical and social services.

**Programs:**

- Centralized Intake & Eligibility Determination
- HOPWA Short-Term Rent Mortgage/Utilities
- HOPWA Permanent Housing Placement
- HOPWA Tenant-Based Rental Vouchers
- Supportive Services for Veteran Families
- Certified Application Counselor (ACA Open Enrollment)
- Health Insurance Continuation
- Health Insurance Benefits Support Services
The Substance Abuse and Mental Health (SAMH) Forensic programs serve clients with mental health and co-occurring disorders in different stages within the Broward Mental Health Court system. These programs aim to reduce client commitment into state hospital facilities and reduce recidivism by building an effective support network and assisting in the re-integration of clients into the community.

**Programs:**

- Competency Restoration Training
- Post-Arrest Diversion
- Forensic Case Management
- Forensic Hospital Diversion
The BRHPC Health Data Warehouse contains self-reported utilization data for hundreds of hospital and nursing home facilities throughout the State of Florida. This state-of-the-art system also processes detailed and searchable data indicators from the Agency for Health Care Administration and Nielsen, making it a powerful tool for planning, analysis and report development.

**Datasets:**

- Hospital and Nursing Home Utilization
- Prevention Quality Indicators
- Pediatric Prevention Quality Indicators
- Emergency Department
- Self-Inflicted Injury
- Disease Related Groups
- Chronic Diseases
- Financial Data
- Demographic Data
BRHPC acts as lead entity for the Broward Certificate of Need (CON) program, required for hospitals and nursing homes that want to expand or add new services. BRHPC leads the coordination of the Point-in-Time Count, an annual enumeration of individuals experiencing homelessness in Broward County. Local community health needs assessments are conducted for various agencies and community committees are convened to address healthcare access and services planning.

**Services:**

- Certificate of Need
- Evaluation
- Community Health Needs Assessment
- Point-In-Time Homeless Count
- Committees
BRHPC coordinates the Broward County Ryan White Part A HIV Health Services Planning Council (HIVPC) and HIV Clinical Quality Management (CQM) programs. HIVPC staff provide professional support to the HIVPC and its six standing committees. CQM staff provide Quality Improvement (QI) support to the Ryan White Part A Core Medical and Support services through facilitating QI trainings for PLWHA and Ryan White Part A service providers.

Programs:

- HIV Planning Council
- HIV Clinical Quality Management
BRHPC produces multiple publications including the Broward County Health Plan, Fact Sheets, and Health Profile. These documents outline the health, socioeconomic status and health care resources available in Broward County and the State of Florida. BRHPC also coordinates with the Broward County Trauma Management Agency to produce the 5-year Trauma Plan.

**Published Documents:**

- Broward County Health Plan
- Fact Sheets
- Broward Benchmarks
- Broward County Health Profile
- Broward County Trauma Plan
- Special Needs Study
- Infographics
BRHPC is committed to improve the professional and technical skill of each of its employees through ongoing training and supervision. Through established collaborations with local colleges, universities and agencies, BRHPC proudly offers internships and volunteer opportunities to emerging professionals in Public Health, Public Policy, Psychology, Social Work and Health Administration.

Areas of Focus:

- Public Health
- Public Policy
- Human Services
- Social Work
- Health Administration
- HIV Peer Specialist Certification
BRHPC provides a range of administrative services throughout the community. These services include fingerprinting, property management, financial technical support and information technology innovation.

**Services:**

- Electronic Fingerprinting / Level II Background Screening
- Financial Services
- IT Innovation
- Human Resources Support
- Legal Oversight
- AIDS Drug Assistance Program
- Third Party Medication Co-Pay Program
- Property Management
Broward Regional Health Planning Council is committed to delivering health and human service innovations at the national, state and local level through planning, direct services, evaluation and organizational capacity building.
The Broward Regional Health Planning Council, Inc. is a private not-for-profit corporation established according to Section 408.033, Florida Statutes.
